

## **BascaBrush**

*High efficiency  
cleaning*

*BascaBrush is an advanced washing machine specifically designed for cleaning mobile tanks dirty with medium and high viscosity or difficult products. Thanks to the rotating brushes combined with water, solvent or other cleaning fluids, it effectively removes silicones, adhesives, paints and other chemicals, with precision and efficiency.*

# **BASCA**

*Cleaning equipment for tanks and containers*

**SCAN ME**

## **BENEFITS**

*Reduced cleaning time*

*80% less waste disposal*

*90% workforce reduction*

*Cost efficient*

*Modular design*

*Easy to install*

*Compact layout*

*Versatile use*

## TECHNICAL DATA

### WATER AND ECO-FRIENDLY FLUIDS

*Size: (LxWxH): 4822x2900x4900mm*

*Electric Supply: 400 VAC - 50 Hz - 3P+N+PE  
(different on request)*

*Power: 5,5 kW*

*Electrical insulation: IP55*

*Air supply: 7 bar*

*Cycle progress programmable via touch screen*

*Filtration system: n°2 filters with s/steel case*

*PLC controlled cycle with intuitive HMI*

### SOLVENTS

*Size: (LxWxH): 4822x2900x4900mm*

*Electric Supply: 400 VAC - 50 Hz - 3P+N+PE  
(different on request)*

*Power: 5.5 kW*

*Electrical insulation: IP55*

*Air supply: 7 bar*

*Cycle progress programmable via touch screen*

*Filtration system: n°2 filters with s/steel case*

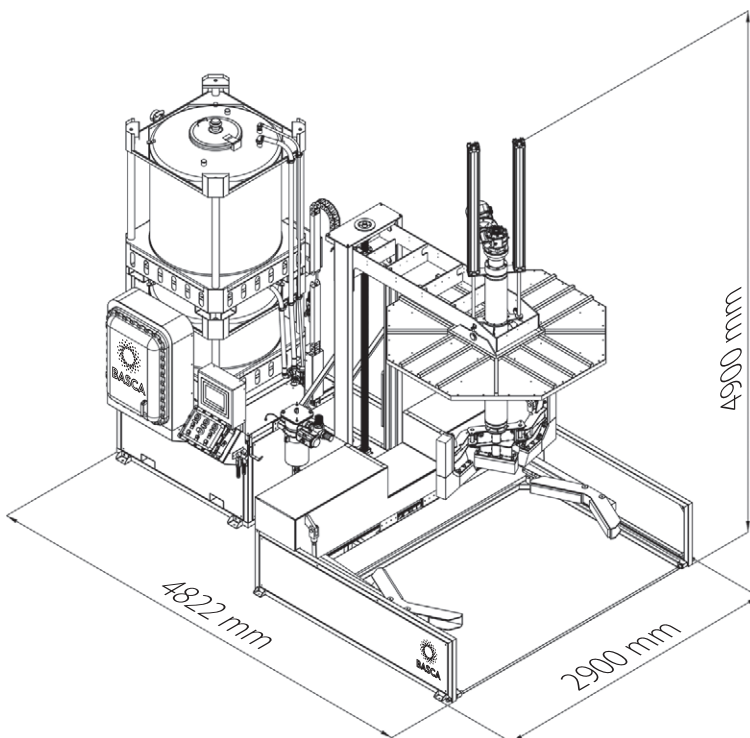

*PLC controlled cycle with intuitive HMI*

*Ex-proof versions according to ATEX directive 2014/34/UE*

### CONTAINERS

### LAYOUT

### ACCESSORIES

- Stocking tanks with level controls
- Heating system of cleaning fluid
- Bottom valve cleaning device
- Bottom tilting platform
- Full stainless steel version
